The Soft Life Reset Checklist

One afternoon. Six areas. A lighter, calmer you.

CHECKLIST

HOW IT WORKS

Your reset, in one afternoon

When life feels cluttered or off track, you don't need a whole new life. You need a reset.

Set aside 2 to 3 hours. Put on music you love, make a drink, and move through the six areas on the next page. You don't have to finish everything. Every box you check makes life a little softer.

I

CLEAR

Let go of what's weighing on you: in your head, your space, and your phone.

2

CHECK

Look honestly at your money, calendar, and energy.

3

CHOOSE

Pick one small intention for the week ahead.

Before you start

RIGHT NOW I FEEL...

BY THE END OF THIS RESET I WANT TO FEEL...
